

REMARKS/ARGUMENTS

Applicants have amended Claims 1, 6-8, 10 and 22 and have cancelled Claims 2-5 and 21. No new matter was added by these amendments. Claims 1, 6-20 and 22 remain in this application.

Reconsideration of the application is requested in view of the above amendments and these remarks and arguments.

The Examiner has allowed Claims 12-20. The Examiner has further objected to Claims 5-7, 10 and 11 as being dependent upon a rejected base claim, but states that these claims would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Applicants have amended Claim 1 to include the limitations of allowable Claim 5 and the limitations of intervening Claim 4, thereby rendering amended Claim 1 to be allowable. Claims 6-8 and 10 now depend from allowable Claim 1.

The Examiner has rejected Claims 1-4, 8-9, 21-22 under 35 U.S.C. & 103(a) as being unpatentable over Alamara, et al. (EP 448369A2) in view of Yacoob (USPN 6,170,742). Applicants ask that the Examiner remove these rejections since the above amendments to the claims render moot these rejections.

The Applicants believe that the subject application is in proper form for allowance and an early notice of allowance is respectfully requested.

In the event that the Examiner deems the present application non-allowable, it is requested that the Examiner telephone the Applicants' attorney or agent at the number indicated below so that the prosecution of the present case may be advanced by the clarification of any continuing rejection.
